SUBJECT INDEX

Clinicians' Forum

How would I counsel a woman in early menopause (under age 45 years) with a T-score of -2.0; and, if prescribing drugs, which would I choose and why?
(January/February), 29

Now that the WHI data show no cardiovascular benefit for treatment with estrogen alone for hysterectomized women, what should the woman who has undergone bilateral oophorectomy prior to menopause do where the risk of heart disease is known to be increased?
(March/April), 28

How would you manage the patient who is perimenopausal, a heavy smoker, and complains of heavy, irregular periods?
(May/June), 22

How would you manage and counsel patients with sexual problems related to a male partner's ED?
(July/August), 25

Should all 50-year-old women being assessed for skeletal health have vitamin D and PTH levels measured?
(September/October), 20

Outside of the effect of vasomotor symptoms, does menopause itself have a direct impact on duration or quality of sleep? What is the impact of vasomotor symptoms? Does exogenous estrogen therapy enhance sleep? What is your approach to counseling postmenopausal women complaining of insomnia?
(November/December), 25

Cultural and Ethnic Issues

Attitudes and concerns about menopause among black women: What busy clinicians need to know
(March/April), 22

Depression

Depression During Perimenopause
(September/October), 10

From the Editor

Osteoporosis-related events negatively impact quality of life, but does quality of life impact the outcome of osteoporosis?
(January/February), 6

Pregnancy after menopause and The North American Menopause Society (NAMS)
(March/April), 7

The what and the who of contemporary menopause management
(May/June), 7

The true symptoms associated with menopause confirmed after 33 years: Better late than never, but let's move on now!
(July/August), 7

Selling menopause
(September/October), 7

Domestic violence and menopause
(November/December), 4

Herbal Products

The use of botanicals for the treatment of menopausal symptoms: weeds or wonders?
(May/June), 9

Hormone Therapy (ET/EPT)

Postmenopausal hormone therapy and the risk of ovarian cancer: A review of the literature
(January/February), 23

Effects of hormone therapy on cognitive function: State of the science post-WHI
(March/April), 10

Now that the WHI data show no cardiovascular benefit for treatment with estrogen alone for hysterectomized women, what should the woman who has undergone bilateral oophorectomy prior to menopause do where the risk of heart disease is known to be increased?

[Clinicians' Forum]
(March/April), 28

"Natural" versus "synthetic" estrogens for hormone therapy: Is there a difference?
(July/August), 10

Understanding the gap between research results and clinical experience
[A Matter of Perspective]
(November/December), 23

Memory Problems

Memory and the older woman: Diagnosis and treatment
(July/August), 21

NAMS Position Statement

The role of testosterone therapy in postmenopausal women: position statement of The North American Menopause Society
(November/December), 12

Osteoporosis

How would I counsel a woman in early menopause (under age 45 years) with a T-score of -2.0; and, if prescribing drugs, which would I choose and why?
[Clinicians' Forum]
(January/February), 29

Osteoporosis-related events negatively impact quality of life, but does quality of life impact the outcome of osteoporosis?
[From the Editor]
(January/February), 6

Should all 50-year-old women being assessed for skeletal health have vitamin D and PTH levels measured?
[Clinicians' Forum]
(September/October), 20

Ovarian Cancer

Postmenopausal hormone therapy and the risk of ovarian cancer: A review of the literature
(January/February), 23

Patient Counseling/Education

How would I counsel a woman in early menopause (under age 45 years) with a T-score of -2.0; and, if prescribing drugs, which would I choose and why?
[Clinicians' Forum]
(January/February), 29

How would you manage the patient who is perimenopausal, a heavy smoker, and complains of heavy, irregular periods?
[Clinicians' Forum]
(May/June), 22

How would you manage and counsel patients with sexual problems related to a male partner's ED?
[Clinicians' Forum]
(July/August), 25

Sexual Dysfunction

Problems with desire and arousal in surgically menopausal women: Advances in assessment, diagnosis, and treatment
(January/February), 10

How would you manage and counsel patients with sexual problems related to a male partner's erectile dysfunction?
[Clinicians' Forum]
(July/August), 25

The role of testosterone in the treatment of hypoactive sexual desire disorder in postmenopausal women
(November/December), 6

The role of testosterone therapy in postmenopausal women: position statement of The North American Menopause Society
(November/December), 12

Sleep Problems

Outside of the effect of vasomotor symptoms, does menopause itself have a direct impact on duration or quality of sleep? What is the impact of vasomotor symptoms? Does exogenous estrogen therapy enhance sleep? What is your approach to counseling postmenopausal women complaining of insomnia?
[Clinicians' Forum]
(September/October), 20

Testosterone

The role of testosterone in the treatment of hypoactive sexual desire disorder in postmenopausal women
(November/December), 6

The role of testosterone therapy in postmenopausal women: position statement of The North American Menopause Society
(November/December), 12

Thyroid Health

Diagnosis and management of hypothyroidism in women
(May/June), 14

Vaginal Atrophy

Update on Vaginal Atrophy
(September/October), 17
