

# 2007 Subject and Author Index

## SUBJECT INDEX

### **Bioidentical Hormones**

*Feminine forever, round 2: the bioidentical cult*  
[From the Editor]  
(January/February), 6

*Top menopause stories of 2006*  
(January/February), 22

*To the editor: response to January/February 2007 editorial*  
[Letter to the Editor]  
(May/June), 14

*In your clinical practice, how do you respond to women who request "bioidentical hormones" and salivary tests of hormone levels? In particular, what explanation do you give, do you utilize any printed explanatory materials (if so, what?) and, if hormones are indicated, how do you prescribe them?*  
[Clinicians' Forum]  
(July/August), 38

### **Breast Cancer**

*Top menopause stories of 2006*  
(January/February), 22

*Breast screening for the menopause physician*  
(November/December), 10

### **Cardiovascular Disease**

*Top menopause stories of 2006*  
(January/February), 22

*Menopause and cardiovascular disease: endogenous reproductive hormone exposure affects risk factors*  
(March/April), 21

*Diagnosis and treatment of metabolic syndrome in menopausal women*  
(November/December), 16

### **"Clinicians' Forum"**

*In your opinion, what were the highlights of the recent North American Menopause Society (NAMS) Annual Meeting (October 11-14) in Nashville?*  
(January/February), 32

*Given your review of The North American Menopause Society's March 2007 position statement on estrogen and progesterone use in peri- and postmenopausal women, together with recent epidemiologic data suggesting a reduction in the incidence of breast cancer since the termination of the Women's Health Initiative, what might you consider as changes in your clinical practice with regard to hormone usage after menopause?*  
(March/April), 26 (Part 1 of 2)  
(May/June), 42 (Part 2 of 2)

*In your clinical practice, how do you respond to women who request "bioidentical hormones" and salivary tests of hormone levels? In particular, what explanation do you give, do you utilize any printed explanatory materials (if so, what?) and, if hormones are indicated, how do you prescribe them?*  
(July/August), 38

### **Diabetes**

*Diagnosis and treatment of metabolic syndrome in menopausal women*  
(November/December), 16

### **Emergency Contraception**

*Top menopause stories of 2006*  
(January/February), 22

### **Evidence-Based Medicine**

*Evidence-based medicine: a casualty of the Women's Health Initiative*  
[Readers Respond]  
(January/February), 13

*Is evidence-based medicine a pipe dream? But of course!*  
[Readers Respond]  
(January/February) 11

### **"From the Editor"**

*Feminine forever, round 2: the bioidentical cult*  
(January/February), 6

*The North American Menopause Society's March 2007 hormone therapy position statement: background, process and clinical implications*  
(March/April), 6

*Menopause, estrogen and hearing*  
(May/June), 8

*Special retrospective. Random menopause-related thoughts: a look back over 20 years*  
(July/August), 7

*If only WHI had kept to its premise—but now it's time for their mea culpa*  
(September/October), 8

*Time for Another Letter to Congress*  
(November/December), 7

### **Hormone Therapy**

*Feminine forever, round 2: the bioidentical cult*  
[From the Editor]  
(January/February), 6

*Top menopause stories of 2006*  
(January/February), 22

*Estrogen and progesterone use in peri- and postmenopausal women: abridged March 2007 position statement of The North American Menopause Society*  
(March/April), 10

*Given your review of The North American Menopause Society's March 2007 position statement on estrogen and progesterone use in peri- and postmenopausal women, together with recent epidemiologic data suggesting a reduction in the incidence of breast cancer since the termination of the Women's Health Initiative, what might you consider as changes in your clinical practice with regard to hormone usage after menopause?*  
[Clinicians' Forum]  
(March/April), 26 (Part 1 of 2)  
(May/June), 42 (Part 2 of 2)

*The North American Menopause Society's March 2007 hormone therapy position statement: background, process and clinical implications*  
[From the Editor]  
(March/April), 6

*Hormone therapy and oral health*  
(May/June), 31

*Menopause, estrogen and hearing*  
[From the Editor]  
(May/June), 8

*If only WHI had kept to its premise—but now it's time for their mea culpa*  
[From the Editor]  
(September/October), 8

*Stress, memory and aging: relevance for the peri- and postmenopausal woman* (September/October), 22

### Hot Flashes

*Top menopause stories of 2006* (January/February), 22

### Memory

*Stress, memory and aging: relevance for the peri- and postmenopausal woman* (September/October), 22

*Stress, memory and aging: relevance for the peri- and postmenopausal woman* (September/October), 22

### Tibolone

*Top menopause stories of 2006* (January/February), 22

### Vaginal Health

*Ecology and health of the menopausal vagina* (July/August), 30

## AUTHOR INDEX

### Basson, Rosemary

(May/June), 16

### Bhat, Viveca

(January/February), 14

### Ciaschini, Michael

(November/December), 10

### Geweke, Lynn O.

(September/October), 13

### Goldstein, Steven R.

(March/April), 26  
(July/August), 38

### Gorodesky, George

(July/August), 39

### Henderson, Victor W.

(January/February), 32

### Hodis, Howard N.

(January/February), 13

### Kincaid, Geoffrey C.

(January/February), 11

### Martens, Mark G.

(July/August), 30

### Nachtigall, Lila E.

(January/February), 33

### Neville, Amy

(November/December), 10

### Paganini-Hill, Annlia

(May/June), 31

### Pinkerton, JoAnn V.

(January/February), 34  
(March/April), 27  
(July/August), 40

### Pokrywka, Gregory S.

(November/December), 16

### Polotsky, Alex J.

(March/April), 21

### Quinn, Christine A.

(November/December), 10

### Ravnikar, Veronica A.

(May/June), 42

### Richardson, Marcie K.

(January/February), 35  
(May/June), 44  
(July/August), 42

### Rosenthal, Ann K.

(July/August), 20

### Santoro, Nanette

(March/April), 21

### Shulman, Lisa M.

(January/February), 14

### Speroff, Leon

(January/February), 36

### Stuenkel, Cynthia A.

(January/February), 22

### Taylor, Eldred B.

(May/June), 14

### Thacker, Holly

(May/June), 45  
(July/August), 43

### Utian, Wulf H.

(January/February), 6  
(March/April), 6  
(May/June), 8, 14  
(July/August), 7  
(September/October), 8  
(November/December), 7

### Warren, Michelle P.

(July/August), 43

### Wolf, Oliver T.

(September/October), 22
